"It is estimated that 20,000 workers in the rubber industry as Akron, Ohio, are now unemployed. Many have returned to the farms they left. One automobile factory at Indianapolis recently laid off 1000 workers and other plants are threatened with the necessity of shutting down."

Root's Work And Harding.
The Republican newspapers and public men profess admiration and even affection for Elihu Root. In spite of the refusal of their Senators to accept his tender of reservations for the peace treaty any more than they would ex-President Taft's, it is understood that if Mr. Root did not write the treaty plank of the Chicago platform, he at least suggested its tenor. Many of them still bemoan the fact that President Wilson did not make him a member of the American Peace Commission. They indorse what he says and does in a political way. They are correct enough in this, for he is the ablest man in their party today.

But how do Senator Harding and Mr. Root hit it off together in the matter of the League of Nations? We now know just what the Republican candidate thinks of the covenant. He will have nothing to do with it, if he is elected President. He will sign a peace resolution at once and then will "hopefully" sound the nations that are already in the league to see if they will not desert it and join his New Relationship. No hope for our entrance into the league in that peculiar scheme. Furthermore, the bitterest newspaper enemies of the league recognize at once where Mr. Harding stands. One of the most heated of them all observes, he and Senator Lodge have pronounced "a two-fold sentence of death" upon the League, and henceforth there can be no such thing as a "Republican Covenant." The latter is absolutely true, if a man is going to remain staunch to his convictions on the covenant. Meantime, what of Mr. Root? That gentleman has just finished a plan for the establishment of an international judicial tribunal for which he is receiving the applause of the world. But is this work of his preparatory to the founding of Mr. Harding's

"New Relationship?" It is not. It is performed at the request of the League of Nations and must be passed upon by the Supreme Council of the very organization that the present leaders of Mr. Root's own party declare is the iniquitous "super-government at Geneva" and to kill which Mr. Harding clearly declares his intention. Elihu Root giving the best of his intellect, judgment and experience to "crooked internationalism," as one shrieking foe of the great association of nations calls it, must wonder what has hit his party since he left the United States to take up his work for the league at The Hague.—Boston Post.

UNSHAKEN TESTIMONY
Time is the test of truth. And Doan's Kidney Pills have stood the test in Lexington. No Lexington resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony. Mrs. Butler Talbott, 2107 Franklin Ave., Lexington, says: "Congestion of my kidneys and inflammation of my bladder have given me intense suffering. I had a dull nagging backache and pains would shoot through my kidneys. I also suffered from lumbago and rheumatic pains in my back which made it hard for me to work. I doctored but got no real benefit until I used Doan's Kidney Pills which I got at Crenshaw & Young's Drug Store." Mrs. Talbott gave the above statement December 4, 1911, and on March 12, 1920, she added: "I am just as strong as ever for Doan's Kidney Pills for they certainly cured me up in good shape and I have had no trouble with my kidneys or back since. I gladly confirm all I said in my former statement." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mage Arrangements For Later Visit.
A large McFarlan car drove into Lexington Sunday on a second mission of arrangements for the coming of the Young Men's Division of the Chamber of Commerce of Kansas City. In the car was Mr. A. J. Brechtel, manager of the tour; Mr. E. J. Skaggs, official pathfinder; Mr. H. S. Frazer, publicity chairman; Mr. C. A. Spaulding, program chairman, and Mr. H. F. Navran, treasurer. These men met a number of business men and completed plans for the visit.

These tours are run very systematically. The pathfinder carries a large supply of confetti which is strewn around all corners where a turn is made that the following drivers may not lose their way. The pathfinder proceeds the other cars about twenty minutes and carries the news items of the trip. Following this car is the pilot car which sets the pace for the trip, then the cars carrying the jazz orchestra and speakers follows together with about forty others carrying the trippers.

This tour leaves the Union Station Plaza on the morning of September 2nd, making as its first stop Lexington. The noon luncheon will be served by the ladies of the Methodist Church of Waverly, and then the tourists will proceed on their way. This trip means much to central Missouri and every citizen should feel it his duty to make the visitors feel at home. The tourists will carry numerous souvenirs as well as a special gift from the Chamber of Commerce.

Champion Fly Catcher.
James Johnson has increased his season's catch of flies until he now has 27 1/2 quarts of dead flies to his credit. This is approximately 334,000 flies. James has now earned \$25 catching flies, despite the fact that he works all day as a messenger boy. But the money consideration is small compared to the good he has done.—Santa Fe Record.

Miss Carrie Guenther and brother, Charles Guenther, returned Tuesday evening from a six weeks' visit in Lusk, Wyo., and Denver, and Pueblo, Colo. Mr. and Mrs. Walter Dunford received a letter Wednesday morning from their son, Douglas, at Singapore, India. The young man is in the Red Cross service of the Canadian army.

Some One Said: "Whoa!"
A newspaper reporter, inclined to be lazy in picking up news, met a brother reporter who was a hustler. "Anything doing?" asked the lazy one. "I have a report that a man was choked to death in a restaurant, but I haven't learned his name." "How did it happen?" "He was eating a piece of horse meat," was the reply. "and some one said 'Whoa!'"—Ex.

A STRAIGHT SPINE
indicates a strong body and good health; but a crooked, twisted spine means ill health, ragged nerves, low vitality, and oftentimes terrible and long suffering.
Modern science has proved that in a crooked spine every displacement or subluxation of the vertebrae means a pressure upon the nerve emitting from the spinal column at that point, and that every such pressure upon the nerves means a cutting off of the vital force or mental impulses which give life to the body and its parts.
Whenever thru nerve pressure the supply of vital force going from the brain to any organ or part of the body is cut off or diminished, that organ or part becomes affected. It no longer has the power of resistance, and the effects of disease will likely be manifest in the course of time.
Treating disease and the effect will do no permanent good. To remove the CAUSE of disease by adjusting the subluxated vertebrae until your spine is straight is the only way to attain a strong body and good health. See your Chiropractor. Have him to straighten your spine, and give Nature a chance to straighten your health.
A Consultation and Spinal Analysis will do you no harm, and will cost you nothing.
